

## Year-Round Intakes

*"Within a year, I completed my Grade 12 Equivalency. I felt empowered, like I had really accomplished something positive."*

KATELYN  
COLLEGE PREP 2011  
Child and Youth Worker student

### HIGHLIGHTS OF THE COLLEGE PREP PROGRAM:

- No cost – the only investment is your time
- Increased job opportunities with Grade 12 Equivalency
- Upgraded qualifications for admission to post-secondary programs
- Financial support may be available for travel and daycare
- If you enter at a Grade 9 level, you could earn Grade 12 Equivalency within nine months

This flexible program helps you gain the skills and certification required to get into college. It's designed for adults 19 years of age or older who have not yet earned their high school diploma, or who have graduated from Grade 12 but need to refresh their knowledge.

## College Prep

# We did.

"I needed to refresh my academic skills before I entered into a two-year program at Loyalist College. The College Prep program was the perfect fit for me – fantastic class schedules and a great team of instructors. I gained confidence and expanded my comfort zones. I continued into the Developmental Services Worker program and graduated in June 2010. Since that time I have been employed at a local agency and work for a second agency as a Literacy and Basic Skills (LBS) instructor. College Prep gave me a jump-start and prompted me to strive for future success."

"I left high school early and had not been in a classroom for over 20 years. This was a problem – College Prep was the solution. I was able to complete my Grade 12 Equivalency and strengthen my English and grammar skills. It was such a positive experience, in a very diverse class – all ages, walks of life – led by a team of teachers who were there to answer all of our questions. I've now graduated from the Customs Border Services program and I'm confident that this is the right career choice for me. College Prep made this possible."

"High school was a struggle for me and I didn't do well. I really needed to get my life back on track. My friend told me about Loyalist's College Prep program and it's amazing. The faculty has played a major role in my success. Without their support I would not have been able to do this. The fundamental academic and life skills I am learning here are preparing me to pursue a career in fashion and commercial photography. College Prep gets a 100% recommendation from me."
