

A clear choice.

LOYALIST COLLEGE will prepare you for a career in one of Ontario's fastest growing sectors, with a potential starting salary of \$35,000 to \$50,000.

A diploma in **MANUFACTURING ENGINEERING** gives you access to progressive jobs in Robotics, Pneumatics, Hydraulics, Electrical, or Quality Control.

YOUR SKILLS WILL BE IN DEMAND!

The Quinte area is home to one of Canada's rapidly growing industrial areas: employing over 10,000 people.

GET A JUMP ON OPPORTUNITY!

Canada is poised to experience the greatest shortage of manufacturing skills over the next five years. Industry is searching for people with skills in CAD, machine design, motion control and manufacturing principles.

YOUR CHOICE IS CLEAR:

The Manufacturing Engineering Technician Program at Loyalist College
