

8 Reasons to Choose Loyalist College

FOR YOU

1. it's about you.

Originally I chose Loyalist strictly because of the Photo-journalism program.

However, after speaking with two of the professors, as well as a few students, I know that Loyalist offers everything I want in a college. Knowing that my professors will be able to offer personalized advice and guidance is a big plus for me. After taking a tour of both the school and residence buildings I realized that Loyalist has one of the most friendly atmospheres I've ever seen in a college or university.

Will Begin Photojournalism program September 2006

Editor-in-Chief of The Read, the Loyalist College Magazine, since 2005. I have had the pleasure of working with many great people who have worked hard to make the magazine what it is. I am very proud of the students who work so hard on our magazine. The Read is a world-class publication and I am very happy to see it grow.

When I was in my first year at Loyalist I lived in residence and it was a tremendous experience. This year I am a R.A. with the CO₂ Extraction Lab. When you see your professors like who have their Masters and PhDs, so excited that they spend hours of their personal time making projects happen - you know that you are involved with something amazing - they are so passionate about teaching and so committed to their students.

2 AMAZING faculty

I really feel that our Loyalist faculty is working with the community to stay current with the needs of business and industry - especially with projects like the CO₂ Extraction Lab. One of the most positive things about Loyalist is that they organize every student as an individual, and they respect each person's separate learning style and they have received here a lot of support. The staff is dedicated to do this. Their plan is to do this with the help of the local university, and the local community. They will never leave.
